

Goalie Clinics

Clinics are available to Hockey West Island goaltenders from Novice through Midget. Those who attend can expect a supportive, skills-focused atmosphere where they can take their game to the next level. There are passionate instructors at every level who present a dynamic approach to goaltending training. Small class sizes, low student-to-coach ratios, and skill-specific groups are some of the advantages to attending these clinics.

Session: Winter

Registration: Done on the player's first attendance. No pre-registration is necessary.
